COMMUNITY ACTION GLOBAL IMPACT

# SGP in Moldova: with small grants to great impacts

Silvia Pana-Carp, UNDP Programme Analyst

Inessa Galitki, SGP/GEF National Coordinator Moldova

Aurel Lozan, SGP/GEF National Steering Committee

# GEF SGP Moldova

---

- The programme is financed by the Global Environmental Facility (GEF)
  - Implemented by United Nations Development Programme (UNDP), delivered by UNOPS
  - In Moldova SGP has started its activity in 2012, while financing in 2013
  - So far, 19 projects funded (6 of which using EU co-funds)
-

## Co-financing of SGP projects

---

- SGP is expecting projects which offer 1:1 co-financing
  - at least 25% of the project value should be in cash, and **25%** in kind
  - **Sources of monetary co-financing:** own funds, project partners, contributions of project beneficiaries
  - Co-financing can be from other donors, international and national ones, e.g.:
    - National Ecological Fund;
    - Energy Efficiency Fund;
    - National Fund for Regional Development, etc.
-

# Other requirements

---

- SGP encourages development of NGO capacities and partnerships between NGOs with the **private sector, government bodies and local public authorities**
  - SGP fosters partnerships and collaboration between NGOs. Those registered in Chisinau will be required to submit a project proposal in partnership with a local NGO
  - The priority is given to projects implemented in a strategic field, including active involving of population and vulnerable groups of population
-

# SGP Strategic initiatives in Operational Phase 6

---

- *Community landscape conservation*
  - *Climate-smart innovative agro-ecology*
  - *Low-carbon energy access co-benefits*
  - *Local to global chemicals management coalitions*
-

# Community landscape conservation indicators

---

- *At least 1 draft legal act or draft public policy, where the stipulations regarding biodiversity conservations are integrated, or at least 1 water basin management plan developed;*
  - *At least 20 ha of shelterbelts newly created;*
  - *At least 10 ha of shelterbelts rehabilitated;*
-
